Aluminium

Lightweight, strong and durable – these are just three reasons why aluminium is a great choice for door and window frames.

Aluminium offers you choice and unsurpassed quality, whether you want to match slim historical steel windows or create an architect designed masterpiece. We offer an unlimited range of colours in a variety of finishes and a choice of over 85,000 components, aluminium is perfect for that special project.

Ready to experience the benefits of aluminium windows for yourself? Visit our website to see some of our latest work.

We manufacture aluminium windows and doors in our own bespoke factory

Bi-fold Doors

Bi-fold doors are typically a set of 2 or more standard size glass doors that open in a concertina style and neatly fold flat when open. Unlike a sliding patio door that remains only half open, bi-fold doors fully open to seamlessly connect your living space with your terrace, patio or garden.

Our sleek aluminium framed bi-fold doors come in a range of contemporary colours and are designed to complement your home. Super energy efficient, they will keep the heat in and reduce outside noise levels whilst still leaving a stunning impression.

Stylish and perfectly engineered

Made to measure in our state of the art facility

Bi-folding doors can also be stacked inside or outside the frame and open from the left or right, the choice is yours.

Enjoy an effortless style

Add the WOW factor to your home and seamlessly merge your garden and living space with the slim aluminium frames and maximum glass of our bi-fold doors. Each door leaf folds smoothly onto each other and is held firmly in place with magnetic pads to allow in maximum light and uninterrupted views.

Transform your home with beautiful folding doors

Strong & secure

The combination of a multi-point locking system, locking shoot-bolts, high security hinges and thermally toughened glass mean our bi-fold Doors are designed to keep the whole family safe.

Reasons to Change

Just a few of the major developments

CUT YOUR FUEL BILLS

Ask about our ultra efficient products such as Super Energy Efficient Glazing. We offer the very best.

CONSERVATORY FOR ALL SEASONS

From high performance glass to composite tiled roofs, we have products to make your home extension a perfect all-round usable space.

BE DIFFERENT

Colour is the new white! Did you know you can opt for windows, doors and conservatories in a range of stunning colours?

BE SAFE & SECURE

Security has improved a lot in the last 10 years, burglars have also become more sophisticated. Make sure your home is protected with the latest high security products.

COLOURED COMPOSITE DOORS

They look just like timber, but don't need painting, are draught proof, very high security and are available in any colour you choose.
